Apison Elementary

As the safe and drug free program of Hamilton County Schools, Students Taking A Right Stand (STARS) has provided training for students at Apison Elementary.

Each 4th grade class received a seven-session curriculum in Conflict Resolution. This training taught students skills in resolving conflict in a peaceful manner through understanding perspectives and effective communication skills. One lesson in the curriculum was devoted to tobacco awareness.

Prescription drug abuse has become a growing danger for youth. Parents are reminded to secure all medication and discuss responsible use of all prescription medication with their children.

Angela Jordan is the STARS staff person providing this training for the students. A special thank you is extended to the 4th grade teachers for coordinating this service for their students. For more information about STARS programming, check out the STARS website at www.starschatt.net.
